

4.7 Rig Hire Program

Rent a new or second hand 4.7 laser sail and mast bottom section at a discount rate through the South Australian Laser Association.

New \$250 (Laser association membership included)

Used \$150 (Laser association membership included)

This program is designed to encourage and support South Australian youth sailors and their families into sailing a Laser with a 4.7 rig.

Sailors must be under 19 years old and at least 45 kgs (52+ is ideal)

Hire starts October 1st for 1 Year. Winter hire may be available by request. The 4.7 hire rig isn't available for sale, but will be put out for hire to the next applicant. If the rig is still available it may be possible for you to continue with the hire for another season.

You'll receive

- a 4.7 laser sail and mast bottom section
- free membership of SA Laser Association
- moral support;
- a sailing mentor from your club;
- assistance with finding laser hulls and equipment;

There are 2 main requirements

1. Look after the gear,

- You must insure the rig with the boat you are using. It is compulsory for all boats participating in official races to be fully insured.
- If the hired property is damaged, SALA should be notified, and then the damage repaired or parts replaced to enable its continued use.
- The rig should be returned in good condition at the end of the hire period.
- Any sail repairs should be done by a reputable sailmaker.

2..... and use it regularly.

- We expect you to make a commitment to sailing at SALA events (eg. Metropolitan championships and state titles) as well as racing at your local club.
- Sail at least once per fortnight during the sailing season and some SALA events.
- If you aren't able to sail in the States we will expect you to provide the rig for another sailor if required.

The SALA association reserves the right to terminate the hiring arrangement if the rig is not being used or is being abused.
